She Should
arrive at any
moment...

She gets off work at 9:00 pm
on Fridays, & her co-worker,
Zak Lettuce, usually drives
her home.

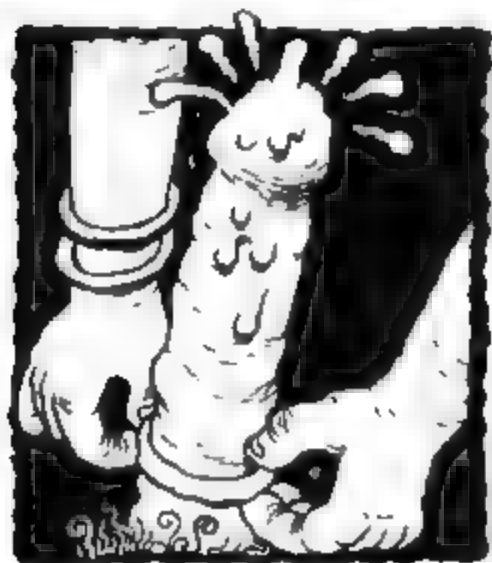

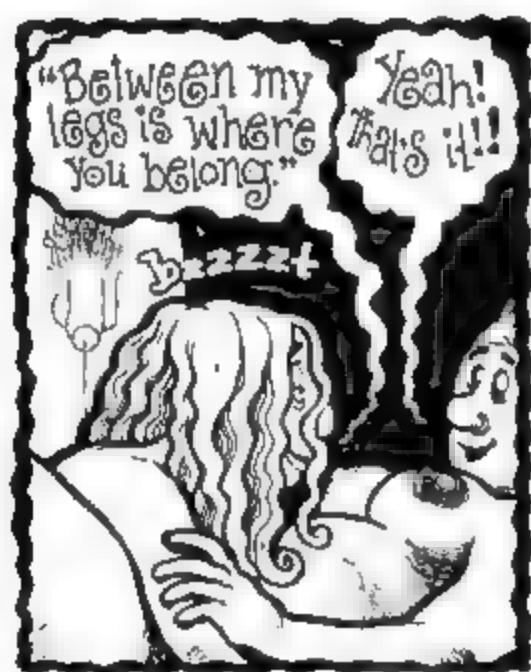

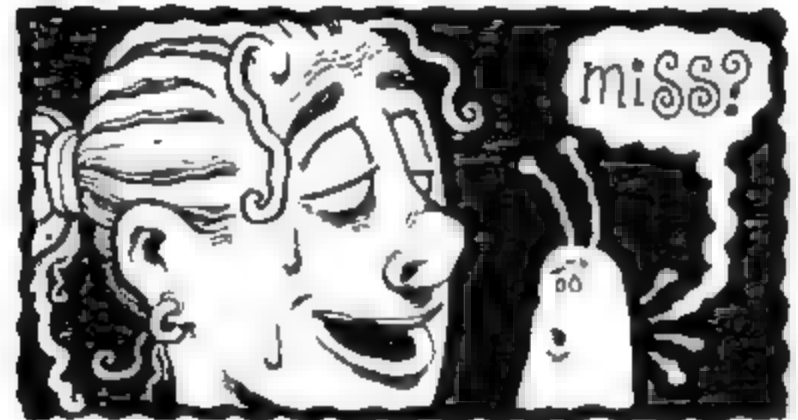

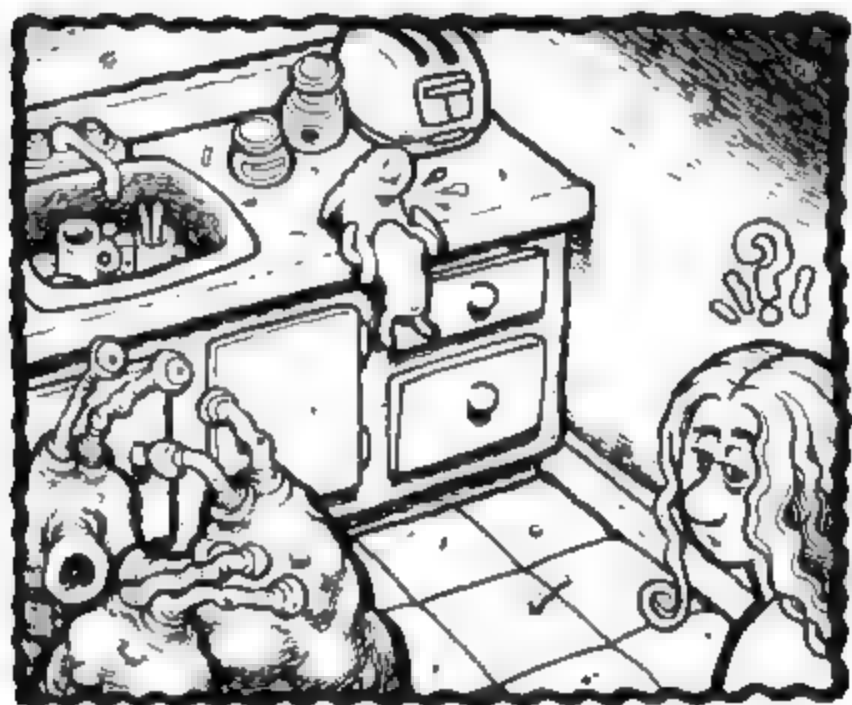

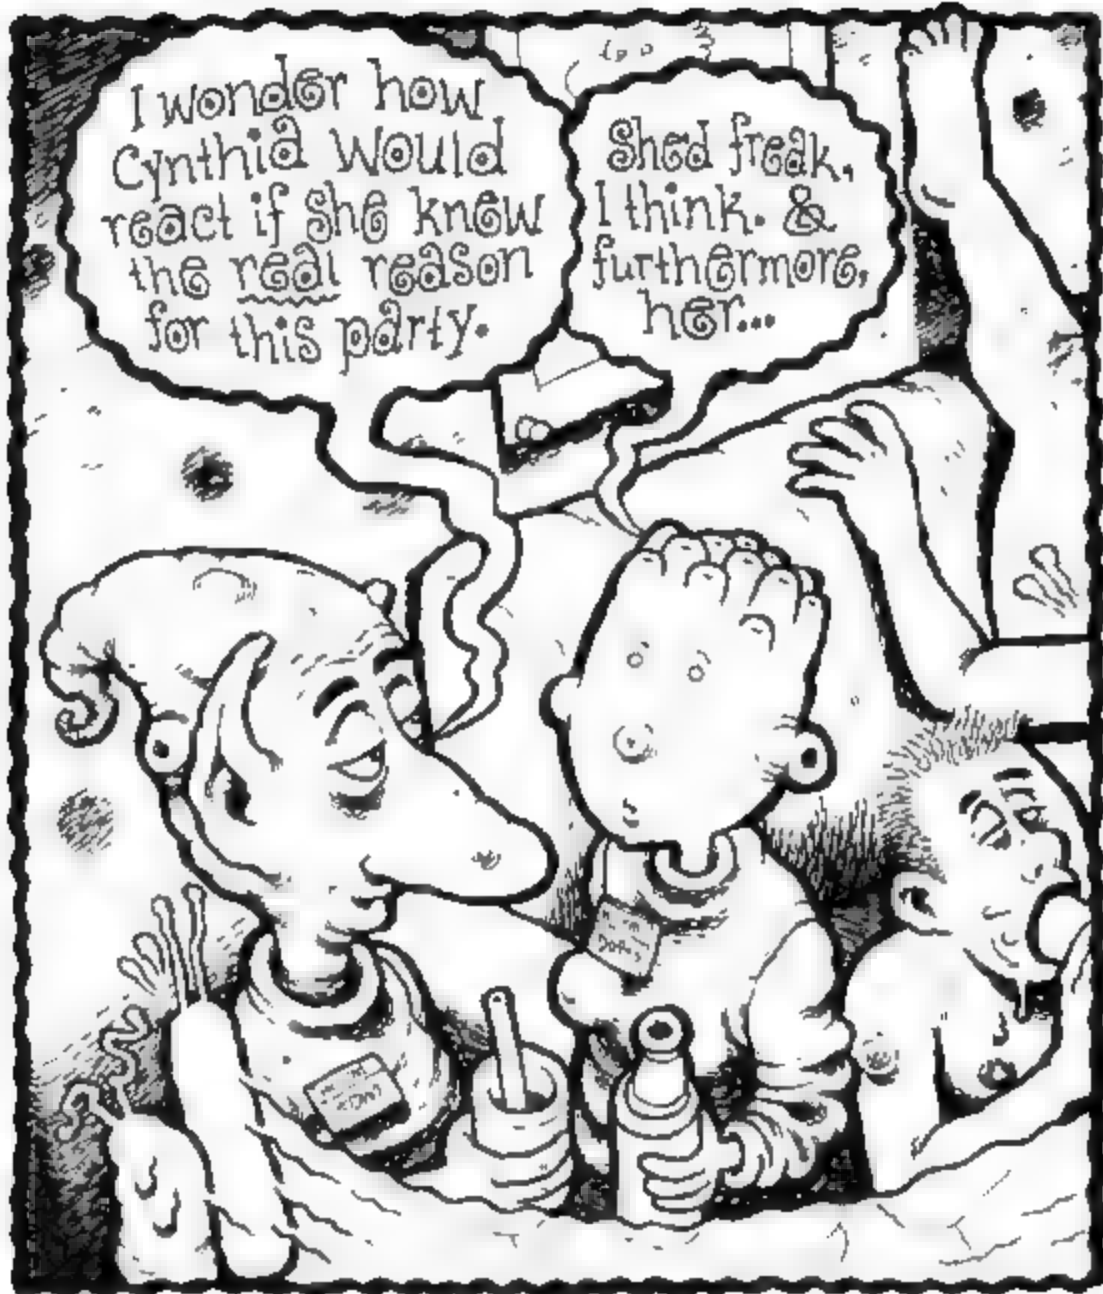

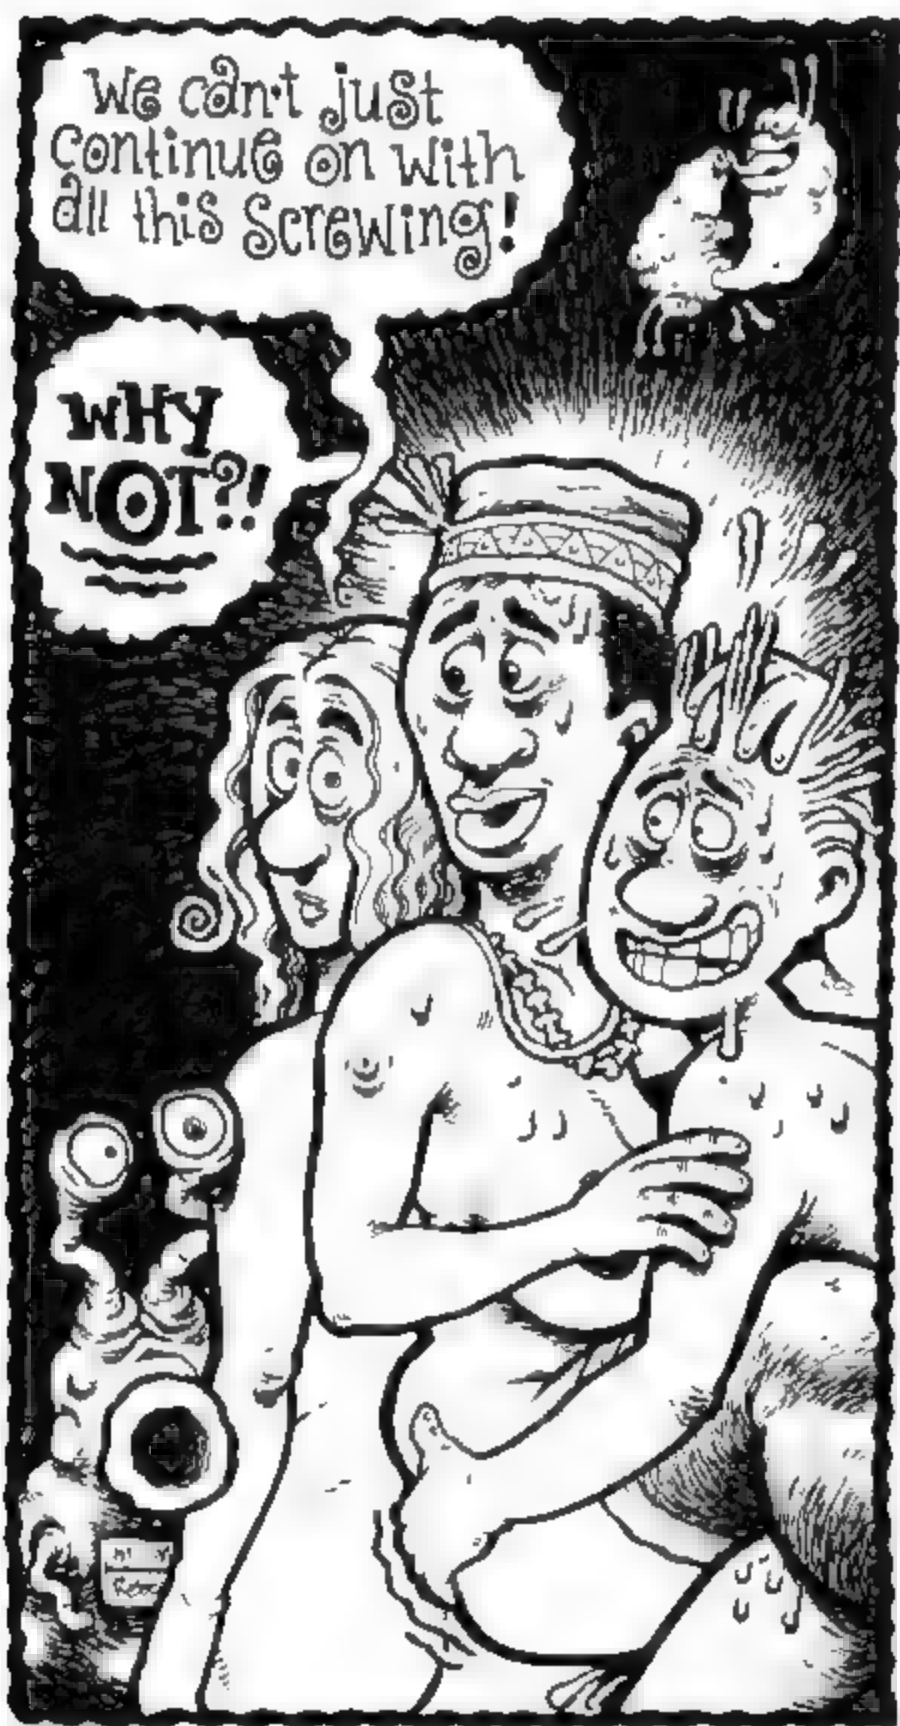

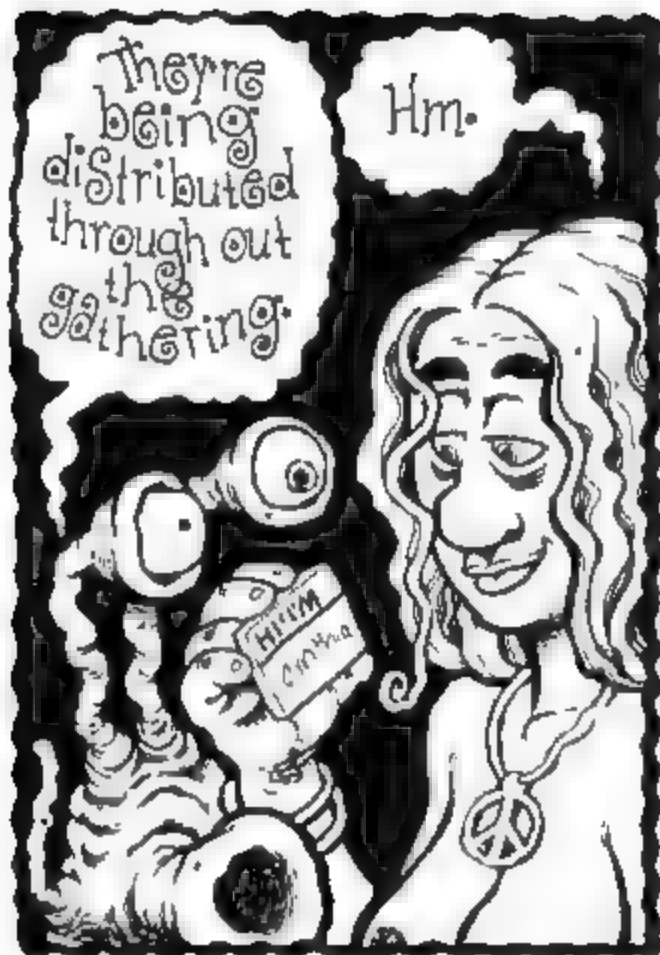

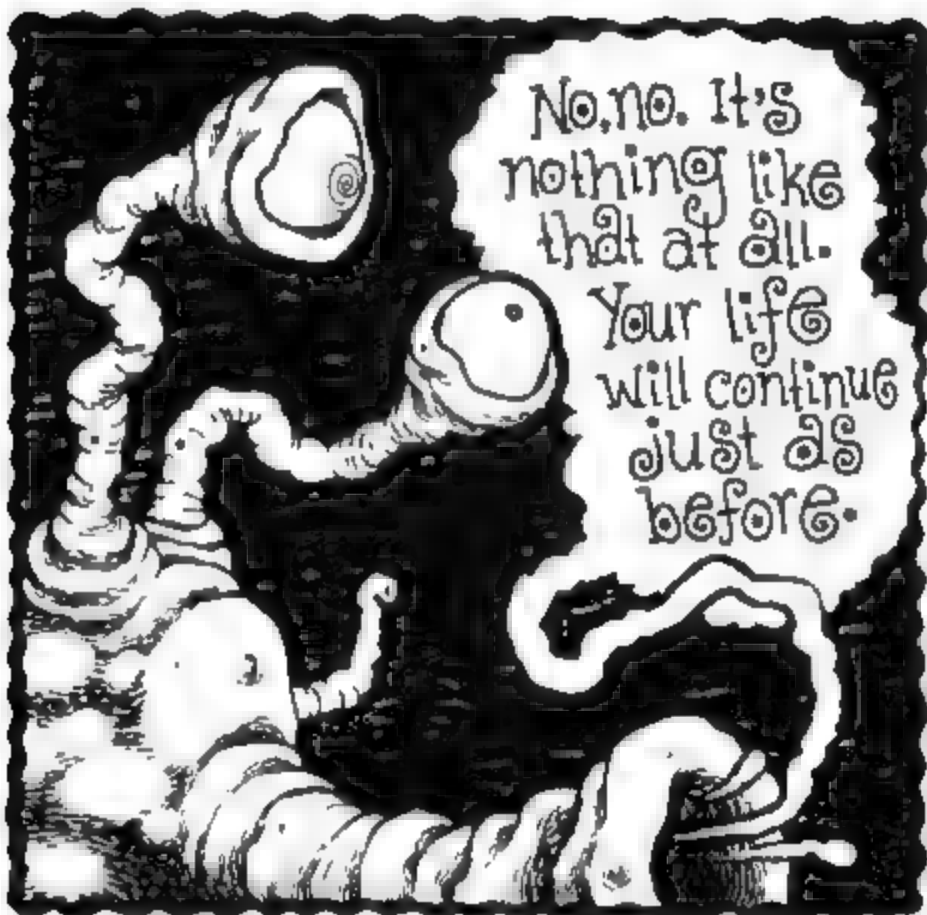

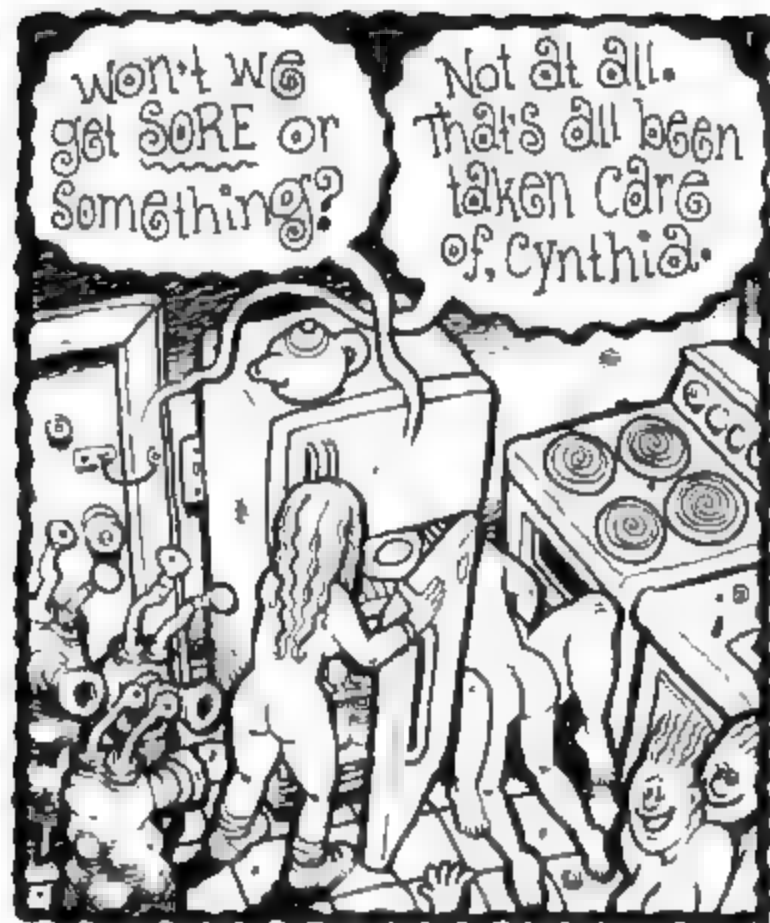

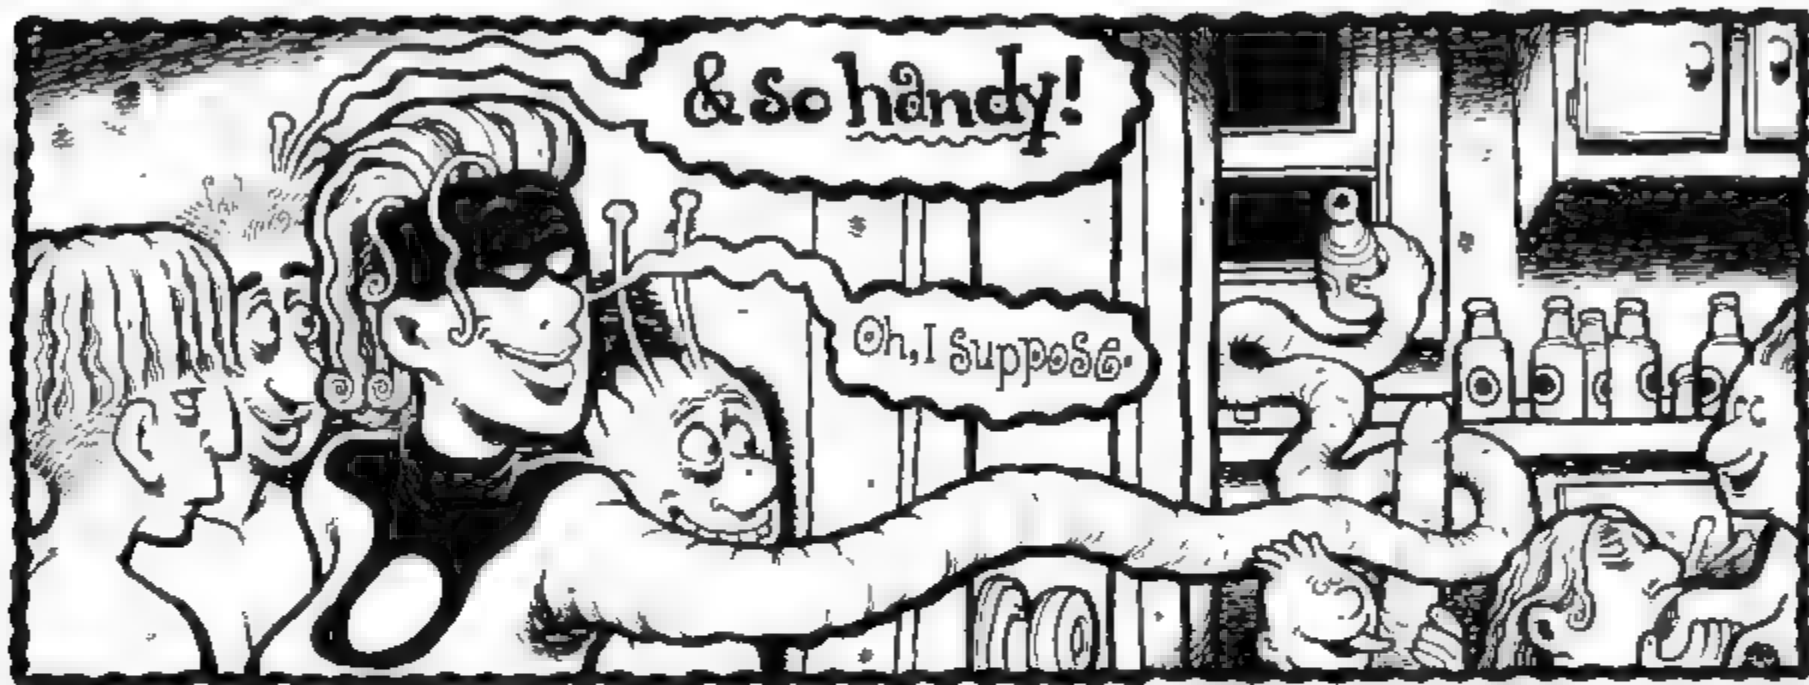

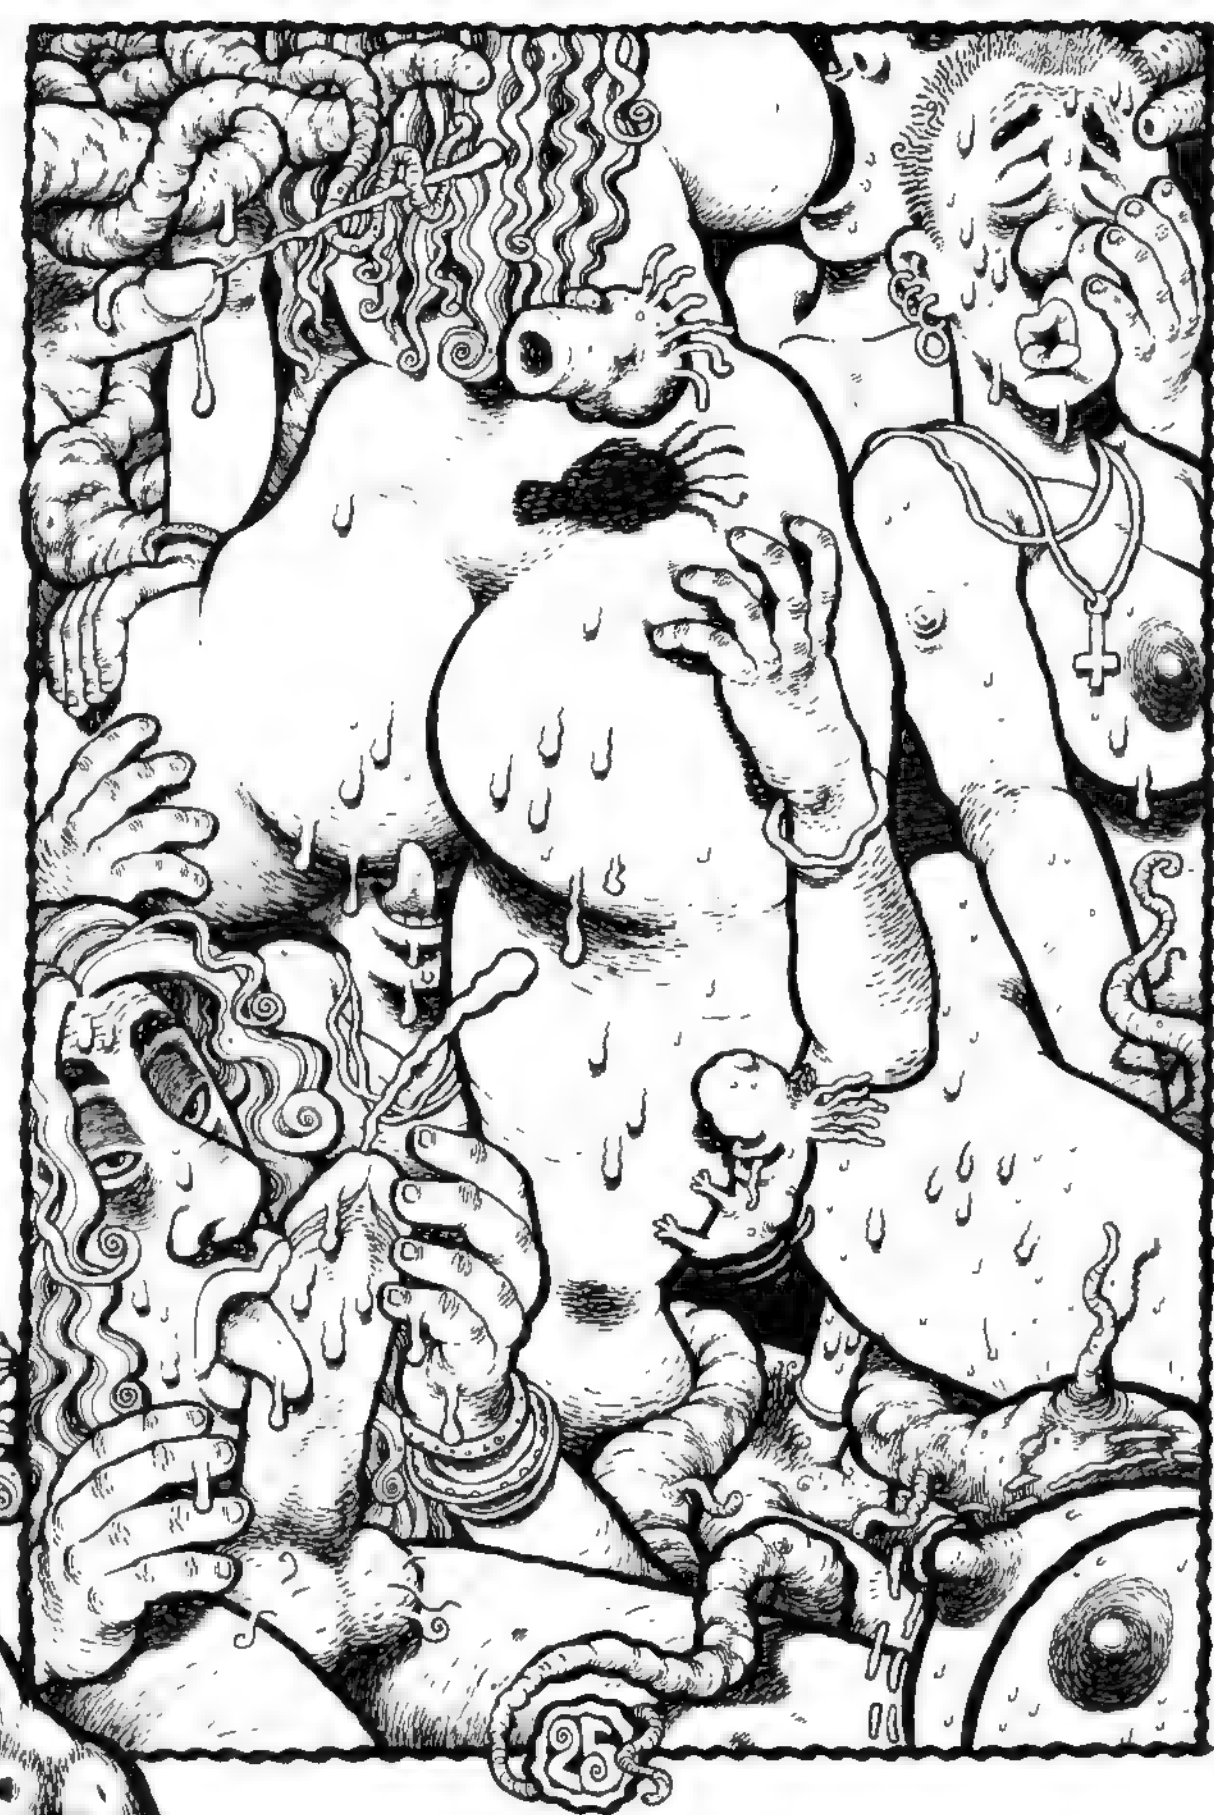

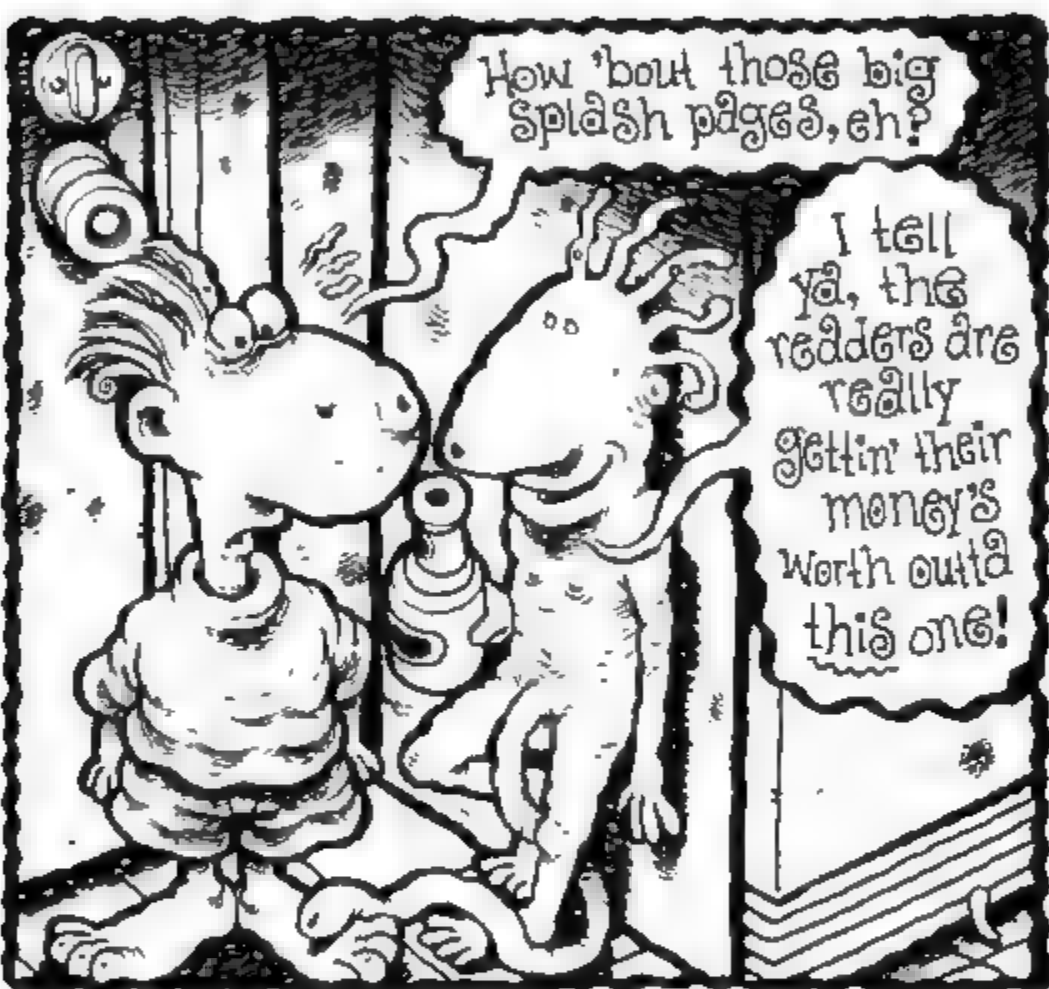

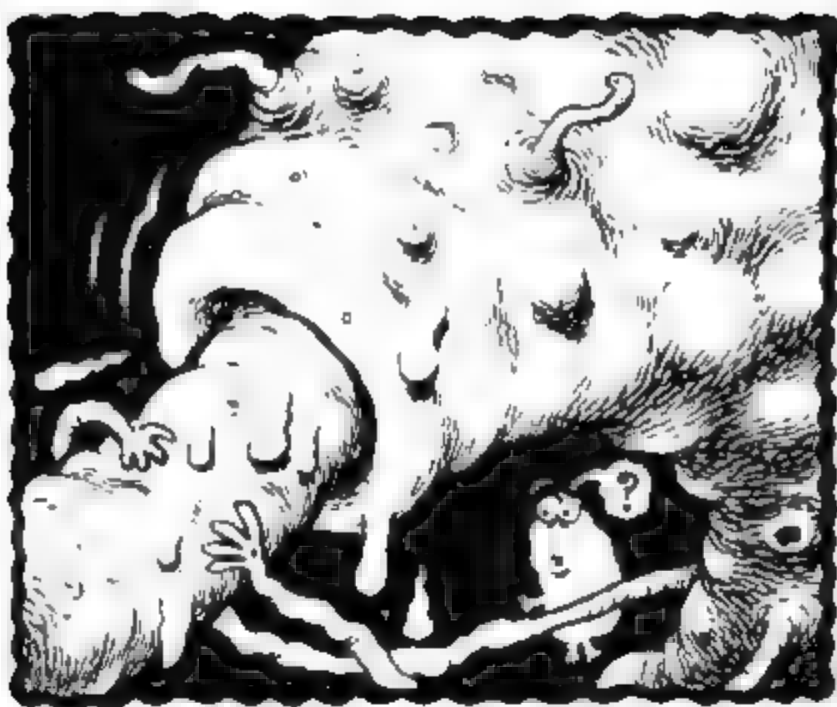

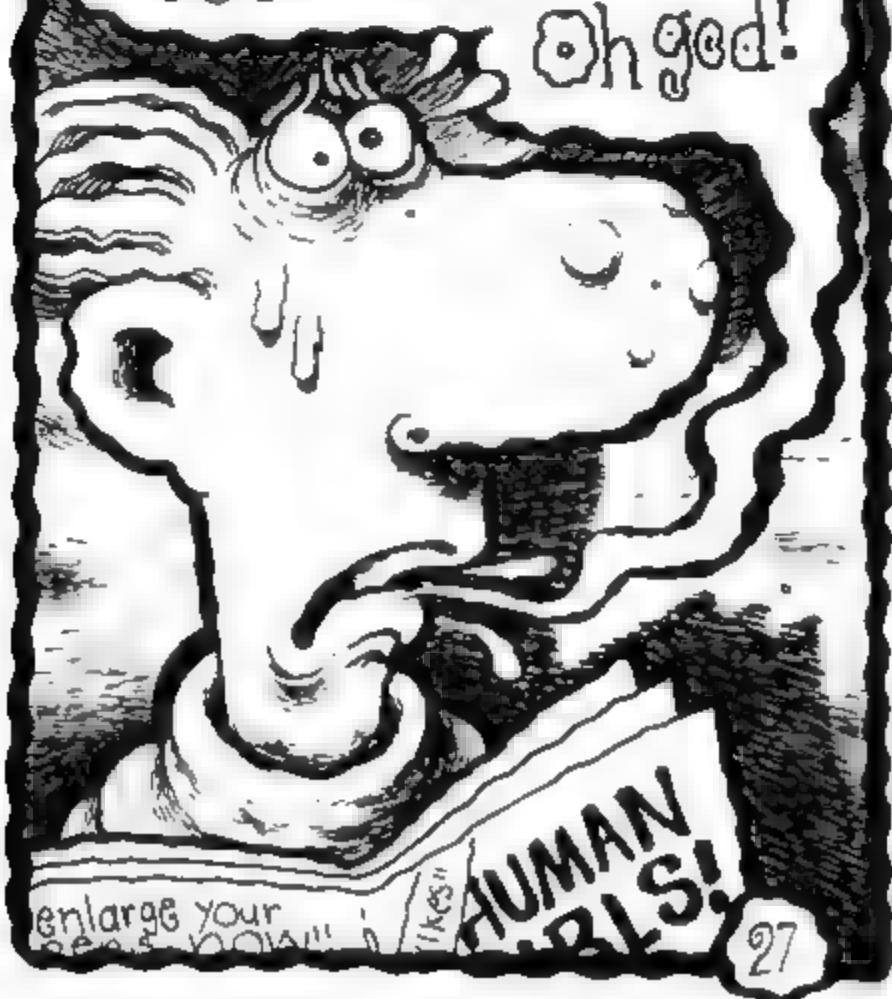

Jake's Story

Oh, I'd do anything to be with a human. sob So big &... round. Every inch of 'em looks so warm &...

I could just spend hours touching... Squeezing. & such big jiggly bums, too. Oh god!

But how could I ever be enuff for a whole woman? I'm just an over-simplified bastardization of a homosapien!!

...don't even have
5 fingers!!

Jake! I'm home
from the hospital!!

woops!
heh heh

The hospital? Wha...?
Oh my! Your boobs are so
like torpedoed!!!

Finally I look just
like a human! Now
we can be happy?

Oh,
Samantha

I love you for **You!**
Your looks are totally
irrelevant. Besides, you
were already gorgeous.

Then why do you so
badly want to be human?

I...I...

I guess
I'm just a
twisted fuck
...low self-
esteem?

Together we
can work out
these problems
& love each
other for what
we ARE!!

That's better!

Yippee!!

For all his good intentions, Jake never did get over his obsession. Samantha left him... & now, of course, he's at Cynthia's. Among humans!!!

Let's go back there, too. When we left, practically everybody was getting in on a big orgy with the cockmonster!!...except for Cynthia. She's in the shower... so now... back to Cynthia petal's really fantastic alien SEX FRENZY!
